**ABSTRACT OF THE SESSION:** SMC in association with ISDC organized 'Future Career in USCMA Seminar' on 8<sup>th</sup> September, 2023 resource person Mr. Vikas Khosla, Zonal Head, Institution relations (ISDC).

The main objective of pursuing a career as a United States Certified Management Accountant (USCMA) is to excel in strategic financial management and decision-making within an organization. The USCMA certification equips professionals with advanced knowledge in financial reporting, cost management, performance measurement, and strategic planning. This expertise enables them to analyze financial data, develop budgets, implement cost-saving measures, and drive business strategies that enhance organizational efficiency and profitability. CMAs play a critical role in bridging the gap between accounting and management, providing valuable insights that inform high-level business decisions. Ultimately, a career as a USCMA aims to prepare individuals for leadership positions, such as CFO or Controller, where they can significantly contribute to the financial health and strategic direction of their organizations.
