## Clean India Campaign at Jaipur Junction

(1<sup>st</sup> Oct., 2019)

On 1st October 2019, NSS Volunteers of Mahaveer College of Commerce, in collaboration with Indian Railways, organized a Clean India Campaign at Jaipur Junction. This initiative aimed to promote cleanliness and awareness about waste segregation through the use of different colored dustbins.

The event kicked off with a motivational speech by the campaign leaders, emphasizing the importance of maintaining cleanliness in public spaces and the role of each individual in achieving this goal. Volunteers were briefed on the significance of waste segregation and the proper use of color-coded dustbins.

Throughout the day, NSS volunteers actively engaged with passengers and visitors at Jaipur Junction, distributing pamphlets and explaining the use of different colored dustbins. The color-coded system includes:

1. **Green Dustbins** - For biodegradable waste such as food scraps, vegetable peels, and garden waste. Volunteers highlighted the importance of composting these materials to reduce landfill waste and create nutrient-rich soil.
2. **Blue Dustbins** - For recyclable waste like paper, cardboard, plastic bottles, and metal cans. The focus was on recycling these materials to conserve resources and reduce pollution.
3. **Red Dustbins** - For non-recyclable and hazardous waste such as batteries, medical waste, and sanitary products. Volunteers stressed the need for proper disposal to prevent harm to the environment and human health.

The campaign also included interactive sessions where volunteers demonstrated the correct way to segregate waste and answered queries from the public. Posters and banners were displayed throughout the station to reinforce the message of waste segregation and cleanliness.

By the end of the day, the campaign successfully educated a large number of passengers and visitors about the importance of waste segregation and the use of colored dustbins. The event not only improved the cleanliness of Jaipur Junction but also instilled a sense of responsibility and awareness among the public.

The Clean India Campaign at Jaipur Junction was a significant step towards a cleaner and greener India, showcasing the power of community involvement and collaboration between educational institutions and public organizations.

**ABSTRACT OF THE SESSION:** MCC in collaboration with Navbharat Memorial Foundation, Jaipur organized 'Innovation Intelligence & Inclusiveness Conference' on 11th - 12th October 2019.

The conference aims to study the roles and impacts of commerce, management, social sciences and sciences on Triple Bottom Line: 'Profit, People & Planet, and to deliberate on how best can be attained through 'Innovation, Intelligence & Inclusiveness (3I) in particular. Acronym '3I' (Three Eyes) evokes the sense of looking beyond what we can't see in our two eyes. The third eye reminds us to look deeper dimensions of wisdom and humanity. To attain the same, our conference theme is coined as Innovation, Intelligence & Inclusiveness (3I). Innovation is the call of the day to achieve the desired goals in the best possible manner. Intelligence enables us to comprehend the surrounding around us by 'making sense' of things or 'figuring out what to do'. It acts to maximize future freedom of action and also applies to human and non-human (artificial intelligence). Innovation and intelligence foster faster economic development. The success of growth & development should not confine to a few but must percolate to the bottom of the pyramid as a sign of inclusiveness.

The conference will foster discussions among the academicians, management practitioners, consultants, research scholars, and policy-makers across the nation on various issues, challenges and advances in the field of commerce, management, social sciences and sciences. This forum will also facilitate them to present their ideas and research findings related to the 'Innovation, Intelligence & Inclusiveness!'
