GREEN CAMPUS INITIATIVES

Shri Mahaveer College is committed to demonstrating finely tuned sensitivity and responsibility in implementing green concepts on campus. Our campus sustainability initiatives aim to promote green practices within and beyond the institution, developing best practices strategies in environmental management. While the establishment and maintenance of a green campus are crucial, spreading awareness about green practices among students and educating stakeholders is our priority.

The policy begins with information and concludes with a plan of action. Shri Mahaveer College will responsibly manage water resources, implement effective waste management, conserve natural resources, and advocate for minimal paper use. The college will adopt the following practices to establish and maintain a green campus while extending awareness and green initiatives beyond the campus. This will create a safer environment that is a better place to live, learn, and play.

- a) **Water Resource Management:** Efficient use and conservation of water resources through reusable systems and water conservation techniques.
- b) **Waste Management:** Effective segregation, recycling, and composting of waste to reduce landfill contributions.
- c) **Energy Conservation:** Utilization of energy-efficient devices and renewable energy sources to minimize energy consumption.
- d) **Paperless Communication:** Promoting digital communication and minimizing paper use through electronic means.
- e) **Green Awareness:** Educating students and staff on sustainable practices and involving them in green initiatives.
- f) **Tobacco Free campus:** According to institute policy and rules the use of tobacco products is treated as offence.

These practices ensure a holistic approach to environmental sustainability, fostering a green campus culture at Shri Mahaveer College.
