E-Content

ICT offers notable panorama for collecting , storing, circulating and broadcasting a wide variety of knowledge. Rapid pace of information and accessibility of several ICT has presented an ease for information enclosure and incorporation of ICT in teaching and learning. A learning management system (LMS) is a software tool or Web-based technology utilize to plan, execute, and assess a explicit learning process. Classically, a learning management system presents an instructor with away to create and deliver content, monitor student participation, and assess student performance. Our college along with the traditional Chalk and Talk method of Teaching, also utilizes paperless free online Learning Management Systems.
